GSN Foundation K-12 Earth Science Field Trip Grants

.....5 dd`jWUjcbg`Xi Y`VmiBcj Ya VYf`%gh`

The GSN Foundation recognizes and supports the need for earth science education. An integral part of that education is firsthand experience gained through field trips.

Since many of the expenses for field trips, notably transportation, are not paid by the school districts, GSN Foundation has the opportunity to assist, in a meaningful way, by helping to defray some of these expenses.

GUIDELINES FOR GRANT APPLICATIONS

- 1) Grants will generally be limited to transportation expenses for **earth science-related field trips**. **Field trips must address some aspect of geology such as rocks, minerals, mining, faulting, earthquakes, volcanic activity, glaciation, fossils, landforms, erosion, river processes, soils, or cave formation**. Field trip costs other than transportation (such as admission fees) may be considered on a case-by-case basis.
- 2) Grants will be limited to Five Hundred dollars (\$500.00) per field trip, except for special cases as determined by the Review Committee. A teacher may submit applications for multiple different class field trips to be taken in one school year.
- 3) Requests should be made by the teacher of the class taking the field trip.
- 4) Requests for field trip grants for the entire school year must be received by November 1 of the CURRENT school year, but they may apply retroactively to field trips taken earlier in the fall term.
- 5) Requests will be accepted from teachers or home-schoolers in all areas of Nevada.
- 6) A written acknowledgment of field trip completion must be provided by the teacher receiving the grant.
- 7) Any special consideration for "AT RISK" schools will be on a case-by-case basis.
- 8) Favorable consideration will be given to requests indicating supplemental fund-raising efforts.
- 9) Grants will be in the form of a check from the GSN Foundation Treasurer made out to the requesting school.
- 10) Send completed application forms to: Camille Prenn, GSN Foundation
Cami.Prenn@respec.com
or fax applications to 775-323-3599
- 11) It is advisable to confirm with Cami that your application has been received.
